

La Société de recherche sur le cancer
The Cancer Research Society

November 2007

To Whom It May Concern,

Mr. Emru Townsend is organizing *The Frames per Second Online Charity Auction* to benefit The Cancer Research Society. This event is to take place on eBay.com from Friday, November 23, 2007 to Friday, November 30, 2007.

The success of this event relies on the collaboration of partners, sponsors, and donors. We hope that you will become a partner of this fundraiser.

Today, most everyone knows of a friend or a family member who has been touched by this disease. This is why cancer research is so important and why we are calling on your generosity. By becoming involved with this event, you will be supporting the work of many dedicated researchers across Canada.

The Cancer Research Society funds basic cancer research, and offers seed money for original ideas. Since 1945, The CRS has worked non-stop toward a single goal and a single hope: defeating cancer. The CRS supports the best Canadian researchers in hospitals and universities across Canada, funding more than 60 million dollars over the last 10 years.

We hope that you will find this opportunity compelling and look forward to your acceptance at your earliest convenience. For further information, please do not hesitate to contact Mr. Emru Townsend or myself at 514 861-9227, extension 270.

Thanking you in advance for your support, I am sincerely,

Elizabeth Bosina
